

DÜMMEN  
ORANGE®

# POT CARNATION

2023 - 2024

# GROWING TOGETHER

**D**ümmen Orange's approach to sustainability is set out to deliver strong performance, sustainable growth and leading together with our industry partners towards a greener, more beautiful world.

We have strong ambitions and clear goals to minimize our environmental footprint, support the well-being of our people and the communities in which we operate, and invest in research and technology that supports sustainable floriculture across the value chain.

As an innovative breeder, we prioritize developing and commercializing disease resistant genetics, producing more resilient flowers and plants, enabling growers to reduce agrochemical use and become more sustainable.

Naturally, we monitor our own business operations and ensure that they are conducted in an eco-friendly and humane manner.
